Climb High
Go Far

At Envoy, we are committed to fostering a safe work environment that is second to none – one that celebrates diversity, offers equal opportunities, and where all employees feel secure, involved, respected, and valued. Respecting one another and valuing our differences is a core value of our culture. Our diversity gives rise to a wide range of viewpoints and new ways of thinking that contribute to our ongoing success.

Our Vision

Envoy will be the safest, most reliable, most successful regional airline in the world.

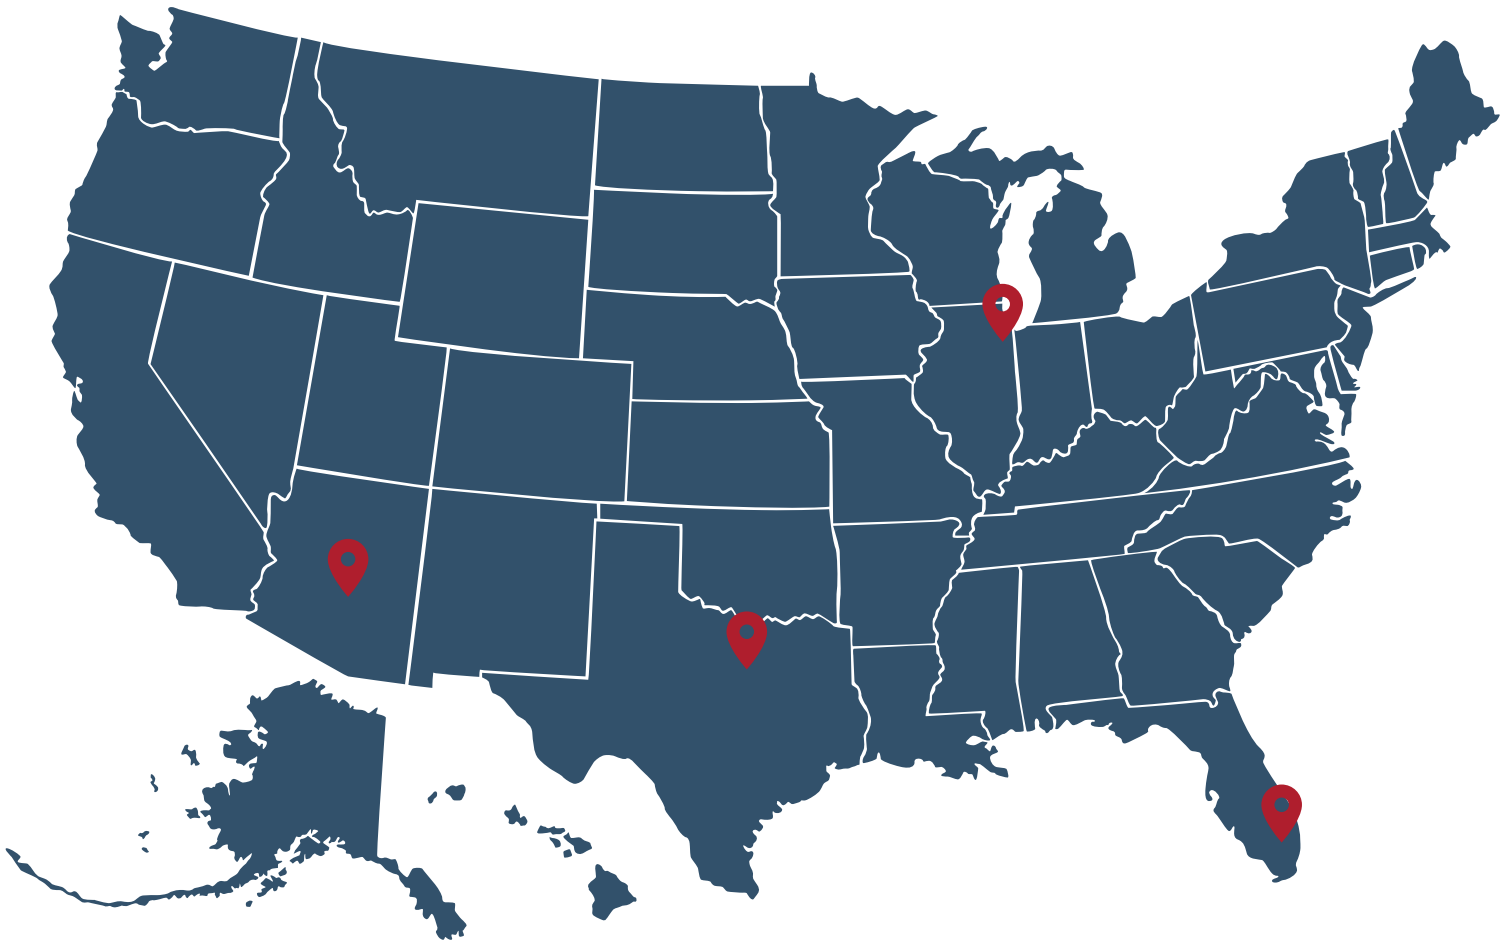

Safety: The safety of our customers and coworkers is the foundation of our business and at the core of every decision or action we take.

Reliability: We deliver exceptional service that American Airlines and its customers can count on.

Success: By delivering on the first two elements, Envoy will continue to earn American's business and sustain our history of excellence.

- Headquartered in Irving, Texas (Dallas/Fort Worth)
- Domiciles in DFW, ORD, MIA, and PHX
- We fly more than 800 daily departures under the American Eagle brand to over 160 destinations in the United States, Canada, Mexico, and the Caribbean

"The cost structure we have in place – coupled with our outstanding operating performance – is why American continues to rely on Envoy for the largest portion of its regional feed – and why it continues to place additional aircraft and flying with us."

Pedro Fábregas
Envoy President and CEO

What We Fly

When it comes to regional aircraft, Envoy's Embraer 170/175 fleet is unrivaled. While offering maximum operational adaptability, such as short field capabilities and a 2,000 nautical mile range, the E-Jet encompasses many of the same features of larger jets including VNAV, autothrottle, and fly-by-wire technology. Fun fact: the E170/175 maximum gross takeoff weight is equivalent to approximately 57 Texas Longhorn cattle, or 85,000 pounds.

Embraer 170/175

- Wingspan: 94 ft 2 in*
- Cruise: .82 mach
- Rate of Climb: 2,000 ft/min
- Service Ceiling: 41,000 ft
- Range: 2,200 nm
- Power: 14,200 lbf

"American Airlines' subsidiary Envoy Air provides the gold standard, the envy of many of our other fee-for-departure carriers because its pilot contract provides a path to flying mainline flights at American."

Air Line Pilots Association, International (ALPA) Former President

Arrive American

As a wholly owned subsidiary of American Airlines Group for more than 30 years, Envoy has the longest history with American Airlines of any regional carrier.

With our unique flow-through to American, Envoy pilots have a direct path to a flying career with the largest airline in the world – with **no additional interviews required.**

Envoy is the single largest source of new pilots for American Airlines representing two-thirds of American's new hires since 2010.

Seniority-Based Flow Rate to American Airlines

Lesser of:

- 25% of all AA new hire training slots in that calendar year, or
- Five new hire training slots (increased by one for every 125 pilots above the base number of 480 on the seniority list) multiplied by the number of calendar months in that calendar year.

"Joining the Envoy team is more than getting a job. You're launching a life-long career."

Captain Ric Wilson
Envoy VP of Flight Operations

With improvements to pilot compensation, including new hire starting pay rate of \$99 per hour, there's never been a better or more lucrative time to become a pilot at Envoy.
